

Responses from Investor Owned Electric Utilities on Proposed Energy Efficiency Rules

SWEPCO Response

Thanks for providing and SWEPCO has reviewed the latest draft of the proposed final Energy Efficiency Rule. We note that the rule contains provisions to opt in and cost recovery provisions, as well. Subject to a review of the final rule as approved by the Commission, SWEPCO plans and expects to participate in the program.

Thanks for your work on this issue and if you have any other questions, please let us know.

With best regards,
Bobby S. Gilliam

Entergy Response

Thank you Commissioner. We have reviewed the submission you attached, and we will be publically committing to participate in the program. Thank you for working with us.
